MESSAGE OF THE PRESIDENT

I am pleased to present the latest edition of our statistical publication, a testament to the remarkable history of the FISU World University Games and the outstanding achievements of our student athletes.

In 2023, we made our historical return to Lake Placid after the unforgettable 1972 edition. Of course, the FISU World University Games have grown since then, with Lake Placid this year welcoming nearly six times the number of athletes and three times the number of countries.

This is all the more significant because Lake Placid was able to invite student athletes from around the world for the first time since the games in Krasnoyarsk 2019, following the cancellation of the 2021 Lucerne Winter Universiade due to the pandemic.

Over the course of 11 exhilarating days of competition across 85 medal events, the world watched as records were shattered and new talent emerged. It is these young athletes' performances that we aim to celebrate and preserve, serving as inspiration and a reference for future generations.

I would like to extend my gratitude to the dedicated team behind this comprehensive publication, which would not have been possible without their meticulous research in compiling these invaluable statistics.

I am confident that this latest edition will prove to be an indispensable resource, reflecting the extraordinary accomplishments and unwavering spirit of the university sport community.

Yours sincerely,

Leonz Eder
FISU PRESIDENT

¹ At the Winter Universiade 1995 in Jaca, Snowboard was organised as demonstration sport.

² At the Winter Universiade 2007 in Torino Synchronised Skating was organised as demonstration sport. In 2009, 2011 and 2019 it was part of the compulsory sport programme. Synchronised Skating is considered part of the Figure Skating events at the FISU Games and therefore not counted as separate sport.

³ Until 2013 Ski Jumping and Nordic Combined were included in the compulsory sport programme of the FISU Games.

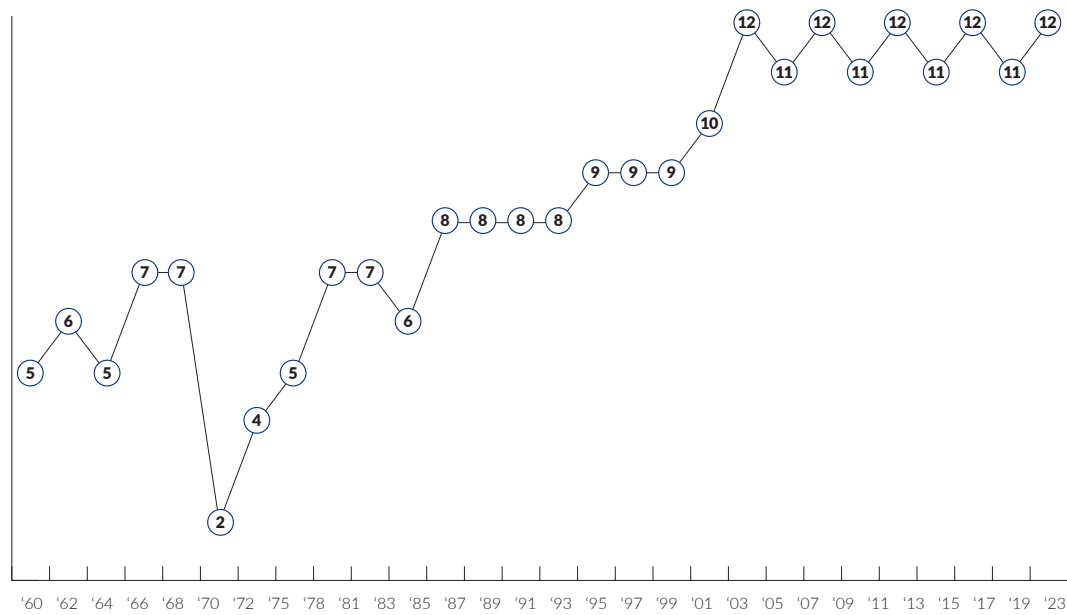

⁴ From 2023 Freestyle & Freeski were included in the compulsory sport programme of the FISU Games.
